5/18/2018 Accreditation Actions

Each profession in the Commission on Accreditation of Allied Health Education Programs (CAAHEP) system has a Committee on Accreditation (CoA) that consists of experts in the profession that are responsible for reviewing programs and making appropriate recommendations for accreditation to CAAHEP. CAAHEP reviews recommendations received from its CoAs in each profession, assures due process was followed, and takes final action on an accreditation status.

CAAHEP took the following actions at its 5/18/2018 meeting. Actions are identified by profession, action taken, and date of the next comprehensive evaluation. In some cases, the concentration and/or degree are also specified. Actions requiring a progress report list the affected Standard(s) and due date by which the program must submit a report of progress related to the Standard(s). For a complete copy of the Standards, check the CAAHEP website at <https://www.caahep.org/Program-Directors/Standards.aspx>
