and

Approved by the
Commission on Accreditation of Allied Health Education Programs

The Commission on Accreditation of Allied Health Education Programs (CAAHEP) accredits programs upon the recommendation of the [Name of Committee on Accreditation].

These accreditation Standards are the minimum standards of quality used in accrediting programs that prepare individuals to enter the [name of the profession] profession. Standards are the minimum requirements to which an accredited program is held accountable. Guidelines are descriptions, examples, or recommendations that elaborate on the Standards. Guidelines are not required but can assist with interpretation of the Standards.

Standards are printed in regular typeface in outline form. Guidelines are printed in italic typeface.

Preamble

The Commission on Accreditation of Allied Health Education Programs (CAAHEP), [name of CoA], and [names of CoA's sponsoring organizations] cooperate to establish, maintain and promote appropriate standards of quality for educational programs in [name of profession] and to provide recognition for educational programs that meet or exceed the minimum standards outlined in these accreditation Standards and Guidelines for the Accreditation of Educational Programs. These Standards and Guidelines are intended to promote innovation in support of quality education programs, consistent with CAAHEP policy on institutional autonomy, and to ensure the integrity of the CAAHEP accreditation process. Directories of accredited programs are published for the information of students, employers, educational institutions and organizations, credentialing bodies, and the public.

These Standards and Guidelines are to be used for the development, evaluation, and self-analysis of [name of profession] programs. Site visit teams assist in the evaluation of a program's compliance with the accreditation standards.
Description of the Profession

(Instruction to CoA: Provide brief description of the profession.)

I. Sponsorship

A. Program Sponsor

A program sponsor must be a post-secondary academic institution accredited by an institutional accrediting agency that is recognized by the U.S. Department of Education, and must be authorized under applicable law or other acceptable authority to provide a post-secondary program, which awards a minimum of a (insert degree/certificate) at the completion of the program.

(Instruction to CoA: The Alternative Wording for Sponsorship may be substituted for the above paragraph if the CoA accepts additional program sponsor types – see Attachment 1)

B. Responsibilities of Program Sponsor

The program sponsor must:

1. Ensure that the program meets the Standards;

2. Award academic credit for the program or have an articulation agreement with an accredited post-secondary institution; and

3. Have a preparedness plan in place that assures continuity of education services in the event of an unanticipated interruption.

Examples of unanticipated interruptions may include unexpected departure of key personnel, natural disaster, fire, flood, power failure, line of communication failure or other events that lead to inaccessibility to program resources to provide for uninterrupted services.

II. Program Goals

A. Program Goals and Minimum Expectations

The program must have the following minimum expectations statement: “To prepare (insert name/title of professional) who are competent in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains to enter the profession.”

Programs which adopt educational goals beyond the minimum expectations statement must clearly delineate this intent and provide evidence that all students have achieved those goals prior to entry into the field.

Goals must be compatible with the mission of the sponsoring institution(s), the expectations of the communities of interest, and accepted standards of roles and functions of a (insert name/title of professional). Goals are based upon the substantiated needs of health care providers and employers, and the educational needs of the students served by the educational program. Goals must be written referencing one or more of the learning domains.

The program must assess its goals at least annually and respond to changes in the needs and expectations of its communities of interest.
B. Program Advisory Committee

The program advisory committee must include at least one representative of each community of interest and must meet annually. Communities of interest served by the program include, but are not limited to, students, graduates, faculty members, sponsor administrators, employers, physicians, and the public.

The program advisory committee advises the program regarding revisions to curriculum and program goals based on the changing needs and expectations of the program’s communities of interest, and an assessment of program effectiveness, including the outcomes specified in these Standards.

Program advisory committee meetings may be conducted using synchronous electronic means.

/Instruction to CoA: Physicians may be substituted with other health professional providers if physicians do not play a role in providing care to patients/clients in the profession. A guideline providing examples of other health professional providers should be added./

III. Resources

A. Type and Amount

Program resources must be sufficient to ensure the achievement of the program’s goals and outcomes. Resources must include, but are not limited to:

1. Faculty
2. Administrative and support staff
3. Curriculum
4. Finances
5. Faculty and staff workspace
6. Space for confidential interactions
7. Classroom and laboratory (physical or virtual)
8. Ancillary student facilities
9. Clinical affiliates
10. Equipment
11. Supplies
12. Information technology
13. Instructional materials
14. Support for faculty professional development

/Instruction to CoA: Clinical affiliates may be substituted with supervised practice experiences if clinical affiliates are not applicable to the profession. The term laboratory may be substituted with a more profession specific term./

B. Personnel

The sponsor must appoint sufficient faculty and staff with the necessary qualifications to perform the functions identified in documented job descriptions and to achieve the program’s stated goals and outcomes.

At a minimum, the following positions are required.

/Instruction to CoA: The position(s), responsibilities, and qualifications listed below are required positions. The CoA may specify additional responsibilities and qualifications such as a professional credential for these positions. The CoA may also specify additional required position(s), responsibilities and qualifications. If program personnel may serve in more than one position provided the qualifications of each position are met, then there must also be an associated guideline to that effect. See Attachment A for suggested language for optional positions./

/Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP’s policy and guidance relating to non-US based sponsors./
1. Program Director
   a. Responsibilities
      The program director must be responsible for all aspects of the program, including but not limited to:
      1) Administration, organization, supervision of the program
      2) Continuous quality review and improvement of the program
      3) Academic oversight, including curriculum planning and development
      4) 
   b. Qualifications
      The program director must:
      1) Possess a minimum of (insert certificate/degree) or the equivalent
      2) Have documented education or experience in instructional methodology
      3) 

2. Faculty/Instructional Staff
   a. Responsibilities
      For all didactic, laboratory, and clinical instruction to which a student is assigned, there must be a qualified individual(s) clearly designated by the program to provide instruction, supervision, and timely assessments of the student’s progress in meeting program requirements.
   b. Qualifications
      Faculty/instructional staff must be effective in teaching and knowledgeable in subject matter as documented by appropriate professional credential(s), education, and experience in the designated content area.

C. Curriculum
   The curriculum must ensure that the program goals are achieved. Instruction must be based on clearly written course syllabi that include course description, course objectives, methods of evaluation, topic outline, and competencies required for graduation. Instruction must be delivered in an appropriate sequence of classroom, laboratory, and clinical activities.
   The program must demonstrate that the curriculum offered meets or exceeds the (CoA determines 'content' or 'competencies') listed in Appendix B of these Standards.
   (Instruction to CoA: Clinical activities may be substituted with supervised practice experiences if clinical affiliates are not applicable to the profession)
   CAAHEP supports and encourages innovation in the development and delivery of the curriculum.

D. Resource Assessment
   The program must, at least annually, assess the appropriateness and effectiveness of the resources described in these Standards. The results of the resource assessment must be the basis for ongoing planning and change. An action plan must be developed when needed improvements are identified in the program resources. Implementation of the action plan must be documented, and results measured by ongoing resource assessment.

IV. Student and Graduate Evaluation/Assessment
A. Student Evaluation
   1. Frequency and purpose
      Evaluation of students must be conducted on a recurrent basis and with sufficient frequency to provide both the students and program faculty with valid and timely indications of the students’ progress toward and achievement of the curriculum competencies in the required learning domains.
Validity means that the evaluation methods chosen are consistent with the learning and performance objectives being tested.

2. Documentation
Student evaluations must be maintained in sufficient detail to document learning progress and achievements.

B. Outcomes
The program must meet the established outcomes thresholds.

1. Assessment
The program must periodically assess its effectiveness in achieving established outcomes. The results of this assessment must be reflected in the review and timely revision of the program.

Outcomes assessments must include but are not limited to national credentialing examination(s) performance, programmatic retention/attrition, graduate satisfaction, employer satisfaction, and placement in full or part-time employment in the profession or in a related profession.

A related profession is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the educational program.

Graduates pursuing academic education related to progressing in health professions or serving in the military may be counted as placed.

(Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP’s policy and guidance relating to non-US based sponsors.)

(Instruction to CoA: National credentialing examination(s) performance may be excluded from template language if the CoA can document that the profession does not have a national credentialing examination.)

(Instruction to CoA: The following additional Standards language may be inserted if appropriate):

A national certification examination program is one that is accredited by the National Commission for Certifying Agencies (NCCA) or under International Organization for Standardization (ISO)

2. Reporting
At least annually, the program must submit to the [Name of CoA] the program goal(s), outcomes assessment results, and an analysis of the results.

If established outcomes thresholds are not met, the program must participate in a dialogue with and submit an action plan to the [Name of CoA] that responds to the identified deficiency(ies). The action plan must include an analysis, corrective steps, and timeline for implementation and assessment.

V. Fair Practices

A. Publications and Disclosure
1. Announcements, catalogs, publications, and advertising must accurately reflect the program offered.

2. At least the following must be made known to all applicants and students:
   a. Sponsor's institutional and programmatic accreditation status
b. Name, mailing address, website address and phone number of CAAHEP and institutional accrediting agency(ies) 

c. Admissions policies and practices 

d. Technical standards 

e. Occupational risks 

f. Policies on advanced placement, transfer of credits, and credits for experiential learning 

g. Number of credits required for completion of the program 

h. Availability of articulation agreements for transfer of credits 

i. Tuition/fees and other costs required to complete the program 

j. Policies and processes for withdrawal and for refunds of tuition/fees 

k. Policies and processes for assignment of clinical experiences 

3. At least the following must be made known to all students: 

a. Academic calendar 

b. Student grievance procedure 

c. Appeals process 

d. Criteria for successful completion of each segment of the curriculum and for graduation 

e. Policies by which students may perform clinical work while enrolled in the program 

4. The sponsor must maintain and make accessible to the public on its website a current and consistent summary of student/graduate achievement that includes one or more of the program outcomes as established by the [Name of CoA] and required in these Standards. 

B. Lawful and Non-discriminatory Practices 

All activities associated with the program, including student and faculty recruitment, student admission, and faculty employment practices, must be non-discriminatory and in accord with federal and state statutes, rules, and regulations. There must be a faculty grievance procedure made known to all paid faculty.

(Instruction to CoA: For non-US based programs, CoAs must follow CAAHEP’s policy and guidance relating to non-US based sponsors.) 

C. Safeguards 

The health and safety of patients/clients, students, faculty, and other participants associated with the educational activities of the students must be adequately safeguarded. [Name of profession] students must be readily identifiable as students. 

All activities required in the program must be educational and students must not be substituted for staff. 

D. Student Records 

Grades and credits for courses must be recorded on the student transcript and permanently maintained by the program sponsor in an accessible and secure location. Students and graduates must be given direction on how to access their records. Records must be maintained for student admission, advisement, and counseling while the student is enrolled in the program. 

E. Substantive Change 

The sponsor must report substantive change(s) as described in Appendix A to [Name of CoA] in a timely manner. Additional substantive changes to be reported to [Name of CoA] within the time limits prescribed include: 

(Instruction to CoA: Substantive changes are those for which the CoA may need to take immediate action. List specific substantive changes to be reported, if any. CoAs are not required to list additional substantive changes. If there are no additional substantive changes to be reported, do NOT include the statement: “Additional substantive changes to be reported to [CoA] within the time limits prescribed.”) 

---

Essentials/Standards initially adopted in 19xx; revised in 20xx etc. 

(Instruction to CoA: CAAHEP will insert the revision history) 

CAAHEP-Template 2020 6

Approved xx/xx/xxxx
F. Agreements

There must be a formal affiliation agreement or memorandum of understanding between the program sponsor and all other entities that participate in the education of the students describing the relationship, roles, and responsibilities of the program sponsor and that entity.
APPENDIX B

Curriculum [Competencies/Content] for Educational Programs in [Name of profession]

(Instruction to CoAs: Appendix B must be stated as educational objectives and competencies that clearly identify the cognitive, psychomotor and affective learning domains. Appendix B may also specify curriculum content.

Simulated learning experiences are acceptable as determined by the CoA. For professions that require non-simulated patient/client/consumer (select term that best fits your profession) contact, the CoA must identify which terminal competencies/objectives must be performed on patients/clients rather than through simulation.

Appendix B is a continuation of section III.C. and must be written in number/letter format as a continuation of III.C.)
ATTACHMENT 1 – Alternative Wording for Sponsorship

(IInstruction to CoA: I.A.1. is required; other sponsor types are optional. If the CoA elects to include other sponsor types, the following template language must be used for the selected sponsor type(s).)

I. Sponsorship

A. Program Sponsor

A program sponsor must be at least one of the following:

1. A post-secondary academic institution accredited by an institutional accrediting agency that is recognized by the U.S. Department of Education, and must be authorized under applicable law or other acceptable authority to provide a post-secondary program, which awards a minimum of a (insert degree/certificate) at the completion of the program.

2. A post-secondary academic institution outside of the United States and its territories that is authorized under applicable law or other acceptable authority to provide a post-secondary program, which awards a minimum of (insert degree/certificate) or equivalent at the completion of the program.

(Instruction to CoA: CoAs must follow CAAHEP’s policy and guidance relating to non-US based sponsors.)

3. A hospital, clinic or medical center accredited by a healthcare accrediting agency that is recognized by the U.S. Department of Health and Human Services, and authorized under applicable law to provide healthcare, and authorized under applicable law to provide the post-secondary program, which awards a minimum of (insert degree/certificate) at the completion of the program.

4. A branch of the United States Armed Forces, or a federal or state governmental agency, which awards a minimum of a (insert degree/certificate) at the completion of the program.

5. A consortium, which is a group made up of two or more education providers that operate an educational program through a written agreement that outlines the expectations and responsibilities of each of the partners. At least one of the consortium partners must meet the requirements of a program sponsor set forth in I.A.1.- I.A.4.

Consortium does not refer to clinical affiliation agreements with the program sponsor.
